PAYETTE LAKE COMPLEX

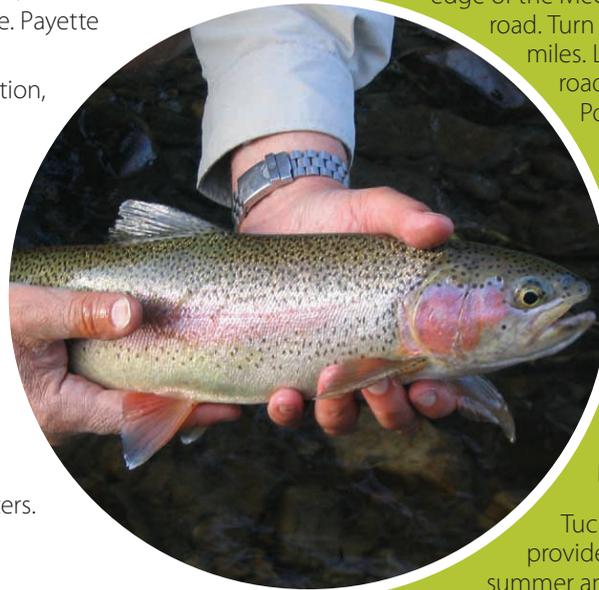

Comprised of three lakes including Payette Lake, Little Payette Lake and Upper Payette Lake. Payette Lake (5337 acres) is great fishing for cutthroat and rainbow trout. In addition, Fish and Game reports that old-growth lake trout planted in the 1950s can weigh more than 30 pounds. Little Payette Lake (1450 acres) has a good population of trophy small mouth bass. There is a 2-fish limit on bass and fish must be at least 20" long. No live bait may be used on this lake. Upper Payette Lake (400 acres) is stocked with rainbow trout. Brook trout can also be found in these waters.

LOUIE LAKE

Looking to bring home a fish tale? Louie Lake is where you can find trophy cutthroat trout that will make you the envy of your friends. A short, but uphill hike will take you to this pristine lake accessed from the same parking lot as the Boulder Lake trailhead. Pack in your float tube or fish from the bank – either way, we guarantee the effort is well worth it!

GRANITE LAKE

This small, scenic lake north of Brundage Mountain is stocked with rainbow trout. Grab your fishing tube, kayak or canoe and enjoy these smooth waters. To access Granite Lake, drive past Brundage Reservoir (also a great place to stop and fish on your way in or on your way out) to the fork at Sater Meadows. Take road 446 3 miles. Four-wheel drive is highly recommended!
